EQUAL OPPORTUNITIES AND INCLUSION POLICY, including Race Relations Policy

Rationale

Inclusion/equality of opportunity is concerned with the entitlement of all pupils whatever their age, gender, ethnicity, ability, attainment and background to access educational experiences which will enable them to develop their full potential. It touches on every aspect of school life and provision is made for the achievement of different groups of pupils within our school.

Our pupils come from a variety of locations and environments, bringing with them their own social, economic, ethnic and religious backgrounds. We are very aware that children have differing abilities and needs. All families/parents/carers are encouraged to become active members of our school community contributing as they feel appropriate. We are all unique individuals and strive towards creating a Christian ethos and atmosphere where **everyone** is regarded as being of equal value in our school community. The teaching and learning, achievements, attitudes and well being of every person matters.

Aims and Objectives

We aim to fulfil our Vision Statement through:

- establishing high and realistic expectations for all our pupils;

- developing positive attitudes towards diversity and encouraging pupils to value each other irrespective of ethnicity, gender or ability;
- developing the skills, attitudes and values which will enable pupils to be critically aware of what they see, hear and read;
- raising and developing pupils' self-esteem and confidence in their own abilities;
- promoting and expecting the same standards of behaviour from both boys and girls;
